/: No one remember old Marcus Garvey,  
No one remember old Marcus Garvey :/  
No one remember him, no one  
they been talking about Paul Bogle,  
They been talking about William Goddon  
They been talking about Norman Washington Manley,  
including Bustamante  
Noone remember old Marcus Garvey,  
Noone remember old Marcus Garvey  
Finest time  
John the Baptist's head were cut off  
Put it away into a saucer,  
Still disciples have oh Lord believe me,  
Yes they stoneth him to death  
Noone remember old Marcus Garvey,  
Noone remember old Marcus Garvey  
This day the right way  
This day the right way  
This day the right way  
All us got todo is  
A true black Lou I  
A hatred scatter, even melt before the fire light go  
out  
Noone remember old Marcus Garvey,  
Noone remember old Marcus Garvey  
Children, children, children, children  
Humble yourself and become one day somehow  
You will remember him you will  
Noone remember old Marcus Garvey,  
Noone remember old Marcus Garvey  
Garvey's old yet young  
Garvey's old yet young  
Garvey's old yet young  
Garvey's old yet young.....
