

Loving You

Burning Spear

I want to love you
I want to love you
I want to love you
I want to love you

Doughtfulness create a lot of fear
Doughtfulness create a lot of fear
But loving you is what I can do, but only if you want me to
Loving you is what I can do, but only if you want me to

Let me walk you down the street so we can greet
Let me walk you down the street so we can greet
Yes honey
Don't geht hurry
Yes honey
Don't get hurry
Loving you is what I can do, but only if you want me to
Loving you is what I can do, but only if you want me to

We two are coming from way back, far back
When first I met you, I made my eye connection
Many, many, many years now we been rubbing it together
Many, many, many years now we been rubbing it together
We been rubbing, we been rubbing, we been rubbing
Together, together, together
Yes I want to love you
Yes I want to love you
But I can't find the right words to say
Help me Jah
Help me

Someday I will love you
Someday I will love you
I will love you like you want me to
Yes girl I will love you
I will love you like you want me to
