

# My Roots

Burning Spear

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

I've traveled all over, through the works of Jah, Jah  
One thing I know for sure

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

Europe I travel, England I travel  
America I travel, I travel Africa

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

How can I forget my roots? How can I?  
How can I forget my roots, how can I?  
My roots, my roots, my roots, my roots

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

I've been all over through the works of Jah, Jah  
One thing I know for sure

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

Oh, my roots, my history  
Talk about my culture, oh yes my people

My roots I'll never forget  
I'll always remember the road I travel  
My roots I'll never forget  
I'll always remember the road I travel

My roots I'll never forget  
I'll always remember the road I travel  
(My roots, Jah roots, good roots, strong roots)  
My roots I'll never forget  
I'll always remember the road I travel  
(I travel, I travel, I travel, and I travel)

My roots I'll never forget  
I'll always remember the road I travel  
(I remember my roots, my roots)  
(I'll never forget, my roots)

My roots I'll never forget  
I'll always remember the road I travel
