

Praise Him

Burning Spear

Take a day off and rest yourself
Praise your God for another day
Take a day off and rest yourself
Praise your God for another day
Praise him, praise him

Take a day off and rest yourself
Praise your God for another day
Take a day off and rest yourself
Praise your God for another day
Praise him, praise him

Praise him for life and everything
Praise him for life and everything

Praise your God, praise your God, praise your God
Praise your God, praise your God, praise your God
Praise your God

Take a day off and rest yourself
Praise your God for another day
Take a day off and rest yourself
Praise your god for another day
Take a day off and rest yourself
Praise your god for another day
Take a day off and rest yourself
Praise your God for another day
Praise him, praise him

Some days you work, some days you don't
Some days you don't, some days you don't
Take a day off and rest yourself
Praise your God for another day
Take a day off and rest yourself
Praise your God for another day

Praise your God, praise your God, praise your God
Praise your God, praise your God, praise your God
Praise your God, praise your God, praise your God
