

# I Exterminate The I

Burst

Moral shadows dancing on these walls  
A surge of insight amidst the fall  
To know this commonwealth again  
The spectre growing ever tall

And no creed remains  
Only filth detained  
No more wanton blindness  
Disregard the value slain

In these halls -- words of grandeur riding  
A western code, I detest all placid laws  
Only creatures of the earth abiding

The fowl of the air  
And the fish of the sea  
As these I conjure  
Us rendered unity reborn

Disappear  
Flee  
Not wither slowly away  
The wind will carry me  
To leave behind that which plagues a man  
To simply flee

And your moral shadows dancing evermore  
No surge of insight  
Acuity closed the door  
Forget a commonwealth again

As I exterminate the I

And start to live again
