

# The Sweetest Punch

Burt Bacharach

You only saw red  
After I said, "how can we continue?"  
Hidden from your view  
In the blue corner that I painted myself into  
Then we started to fight  
And it changed everything  
Here's the ring

You dropped the band, I can't understand it  
Not after all we've been through  
Words start to fly, my glass jaw and I  
Will find one to walk right into

You knocked me out  
It was the sweetest punch  
The bell goes...

I can hear it ringing, but I didn't see it coming  
We all say things we don't mean  
You can't take it back

Now the room is spinning, but was I the last to notice?  
I can see I'll never win  
So if you're going  
Then you better go to him  
Then you better go to him

I only saw stars  
I dropped my guard, and that's how it ended  
What was I to do  
In the blue corner where I seemed to hang suspended?

Then with seconds to go  
You delivered the blow  
Here I go

You dropped the band, I can't understand it  
Not after all we've been through  
Words start to fly, my glass jaw and I  
Will find one to walk right into

You knocked me out  
It was the sweetest punch  
The bell goes...

I can hear it ringing, but I didn't see it coming  
We all say things we don't mean  
You can't take it back

Now the room is spinning, but was I the last to notice?  
I can see I'll never win  
So if you're going  
Then you better go to him  
Then you better go to him
