

For Us

Bury Tomorrow

Remember this before you speak what's on your lips.
You have to change the way you think.
If not for me, for you.

It seems we are born to hate.
Eradicate, eradicate, eradicate.
Open your eyes to lead the blind.
We are the people under one sky.

Listen and learn, hear the ground shake.
We're bound to break the laws the higher create.
Living in a false sense of fate.
Am I the only one who ever felt like this?

Remember this before you speak what's on your lips.
You have to change the way you think.
If not for me, for you. [x2]

Can't you see we are bound to break?
Can't you hear the ground shake?
Why must we allow others to dictate?
Can't you see that we are bound to break?

Remember this before you speak what's on your lips.
You have to change the way you think.
If not for me, for you. [x2]

Whether it's the colour of someone's skin,
Or it's the God that they believe in.
It shouldn't matter.
It's the same world we are living in.
It doesn't have to feel like this.
Enough!

Fighting for borders that don't exist.
Condemning others that try to resist.

Remember this before you speak what's on your lips.
You have to change the way you think.
If not for me, for you. [x2]
