

## A Wishing Well

### Bury Your Dead

You faced a tragedy  
You changed the course of me  
I had the right to speak  
But you took that right away  
When you took you away

I know the choice wasn't easy  
But I don't know what it took to choose  
And I know that you'll never believe me  
But I know that we would have chosen you

Was he ever deserving  
Of the figure that we lived without  
Did he just turn out to be ugly  
Or were you living with all your doubts

And to this day  
I wonder what you were thinking  
And I still wonder where did you go  
I still don't know  
How you came to leave us that day  
Left us behind you but not alone

With one another but without you  
Make the best that's all we can do

I hold nothing against you  
I just feel we deserved a chance  
There's so many questions I want to ask  
So many holes to fill in our past
