

## All The Right Moves

### Bury Your Dead

All that I am  
Is what this promise means.  
You are the only thing that's left for me.  
And what might keep me, falls to a second place,  
When I remember what you give for me

All that I have  
(is) All that you've given me  
My heart was empty  
Life was killing me  
Gave you my body  
And you gave me love  
I swear my everything, you're not just all i have, you're all I  
need.  
You're not just all i have, you're all I need.

I mean these words  
More than I've ever meant anything things before.

You're all that I need
