

Comedown

Bush

Love and hate get it wrong
She cut me right back down to size
Sleep the day let it fade
Who was there to take your place

No one knows never will
Mostly me but mostly you
What do you say do you do
When it all comes down

Cause i don't want to come back down from this cloud
It's taken me all this time to find out what i need yeah
I don't want to come back down from this cloud
It's taken me all this all this time

There is no blame only shame
When you beg you just complain
The more i come the more i try
All police are (fucking) paranoid

So am i so's the future
So are you be a creature
What do you say do you do
When it all comes down

Cause i don't want to come back down from this cloud
It's taken me all this time
to find out what i need yeah yeah yeah
I don't want to come back down from this cloud
It's taken me all this all this time

Shoot up, shoot up, shoot up you're high
Love and hate get it wrong
She cut me right down to size
Sleep the day let it fade
Who was there to take your place

No one knows never will
Mostly me but mostly you
What do you say do ya do
When it all comes down

Cause i don't want to come back down from this cloud
It's taken me all this time to find out what i need yeah yeah yeah

I don't want to come back down from this cloud
It's taken me all this all this time
Why did you (9x)
Comedown
I don't want to come back down from this cloud
This cloud (8x)
