

# Comedown

Bush

Love and hate get it wrong  
She cut me right back down to size  
Sleep the day let it fade  
Who was there to take your place

No one knows never will  
Mostly me but mostly you  
What do you say do you do  
When it all comes down

Cause i don't want to come back down from this cloud  
It's taken me all this time to find out what i need yeah  
I don't want to come back down from this cloud  
It's taken me all this all this time

There is no blame only shame  
When you beg you just complain  
The more i come the more i try  
All police are (fucking) paranoid

So am i so's the future  
So are you be a creature  
What do you say do you do  
When it all comes down

Cause i don't want to come back down from this cloud  
It's taken me all this time  
to find out what i need yeah yeah yeah  
I don't want to come back down from this cloud  
It's taken me all this all this time

Shoot up, shoot up, shoot up you're high  
Love and hate get it wrong  
She cut me right down to size  
Sleep the day let it fade  
Who was there to take your place

No one knows never will  
Mostly me but mostly you  
What do you say do ya do  
When it all comes down

Cause i don't want to come back down from this cloud  
It's taken me all this time to find out what i need yeah yeah yeah

I don't want to come back down from this cloud  
It's taken me all this all this time  
Why did you (9x)  
Comedown  
I don't want to come back down from this cloud  
This cloud (8x)
