Comedown

Love and hate get it wrong She cut me right back down to size Sleep the day let it fade Who was there to take your place

No one knows never will Mostly me but mostly you What do you say do you do When it all comes down

Cause i don't want to come back down from this cloud It's taken me all this time to find out what i need yeah I don't want to come back down from this cloud It's taken me all this all this time

There is no blame only shame When you beg you just complain The more i come the more i try All police are (fucking) paranoid

So am i so's the future So are you be a creature What do you say do you do When it all comes down

Cause i don't want to come back down from this cloud It's taken me all this time to find out what i need yeah yeah I don't want to come back down from this cloud It's taken me all this all this time

Shoot up, shoot up, shoot up you're high Love and hate get it wrong She cut me right down to size Sleep the day let it fade Who was there to take your place

No one knows never will Mostly me but mostly you What do you say do ya do When it all comes down

Cause i don't want to come back down from this cloud It's taken me all this time to find out what i need yeah yeah yeah

I don't want to come back down from this cloud It's taken me all this all this time Why did you (9x) Comedown I don't want to come back down from this cloud This cloud (8x)
