

The Edge of Love

Bush

I never thought I'd see your face again
I always felt that we both knew it was the end of things
You're strong like a fire, you're beautiful and wild in a dangerous wind
Now you are here, despite all the fears that we share within

We're on the edge of love
Dive in a drowning pool
We lose ourselves
See a light shining through
On the edge of love
On the edge of love
See a light shining through

I see the flicker of the valley lights
A million heartbeats, so bittersweet that go out of time
A million mistakes, the way that we break to never return again
I've waited to bloom, I'm clinically blue but I won't fade on you

We're on the edge of love
Dive in a drowning pool
We lose ourselves
See a light shining through
On the edge of love
On the edge of love
See a light shining through

I tried to run
Destroyed all I can
Forms a round
On a beach of quicksand

We're on the edge love
Dive in a drowning pool
We lose ourselves
See a light shining through
On the edge of love
Dive in a drowning pool
We lose ourselves
See a light shining through
On the edge of love
On the edge of love
See a light shining through
