

Toma Mi Corazón

Bush

I put my faith in love
I put my faith in you
There's nothing in the space
Between
Me and you

I'm in the garage of your soul
You're in the furnace of my mind
I will love you forever
As if you were mine

All we wanna know is
Do you love for real or for the night
Hey senorita
Recuerdo que te amo
Toma mi corazón
Toma mi corazón
Toma mi corazón

You shine like a laser
You're bright like a car
You're the sun in winter
Beautiful and bizarre

I'll miss you forever
And I just met you tonight
You're so Dora Maar
No time to waste in this life

All we wanna know is
Do you love for real or for the night
Hey senorita
Recuerdo que te amo
Toma mi corazón
Toma mi corazón
Toma mi corazón

I put my faith in love
I put my faith in you
There's nothing in the space
Between
Me and you

All we wanna know is
Do you love for real or for the night
Hey senorita
Recuerdo que te amo
Toma mi corazón
Toma mi corazón
Toma mi corazón
Toma mi corazón
Toma mi corazón
