Just like a brontosaurus, born in the month of May  
so my sign is Taurus, kick you in your face  
like my fuckin name was Chuck Norris, make you sing my chorus  
Rock to the beat and then, turn into a walrus  
You remain nameless, my victory remains flawless  
Acting like you wild, but I know you really harmless  
While your time is coming, I make the fat shit regardless

Many niggaz wanna know when the Ramp return  
Yo I'm gettin phone calls from that nigga Howard Stern  
He wants to know about my Flip Mode click  
The way we get down and BUST NIGGAZ SHIT

I run up in your ganks den take you for your keys  
I'm not lying or joking, you get broken  
Dead in Flatbush, back to Roanoake and...

People always askin me, how your shit be sellin  
For makin shit guaranteed to bust your fuckin melon  
Police throwed me up on charges like I was a felon

Squeeze the Charmin, peace to one million men marchin  
When you talk shit you really don't know what you startin  
Now your shit is done like a fuckin empty milk carton

It's on for the nine-six, mad shows at the Ritz  
Now we got you open like Fixx  
Stickin to your stomach like Quaker Oat Grits  
Fisherman hat with my brand new kicks

See the show, I got my nickel plated fo'-fo'  
All my rough niggaz open the do'  
Cause Boy Scout brings the ruckus and I'm still hardco'

Yo, when I walk streets you know my blade's a little sharper  
Fuck Peter Parker, I cross you like a magic marker  
Everytime I hit I always hit a little harder  
Blazing to the point where niggaz look a little darker  
Catching suntans from my music, fans understand  
Making fat shit, I always love to lend a helping hand  
Organized rhyme unit like the Poison Clan  
While your ride is busted, I be your luxury Sedan

Number one nigga in the chain of command  
Breakin fool in school like my nigga Geechie Dan
