Busta Rhymes

Yea.. aiyyo Uncle Pat, turn up the beat just a lil' more for me bruh  
Yea..

This sound like Frankenstein's baby, yea

Busta Rhymes! You know we live and in color (color)  
Shit butter hot, but just a little mo' gutter (gutter)  
Smash shit regularly, word to my mother  
Show love for the bitches and put it down for my brudda (brudda)  
Hot butter funk make it rain, close the shutter - violate  
Catch it from one of my bitches, boxcutter (cutter)  
Ahh, articulate! Feels so great  
that I can bless my niggaz with shit they appreciate ('ciate)  
No jive y'all niggaz can take a nosedive  
Shit so live bitches wanna give me a high five (five)  
UNGGHH! Fuck it, it is a must we hold grands  
Get with the program and fuck bitches who love to hold (hands)  
Foul shit, way out of order  
Fuck shit up leave bitches hot and sweaty drippin buckets of water (water)  
Disorderly conduct, will erupt  
When the live shit come on niggaz do what they wanna (wanna)  
Aight bitches, now show yo' asses

The shit we droppin be sure to get y'all movin (get the fuck up)  
We keep it poppin, feel how gangsta the loop is (we keep it boppin)  
(we keep it gangsta muh'fucka)  
And it ain't no stoppin the way that we gon' do this  
Now what you want me to say? Say you ain't fuckin with me-ahhhhhhh  
(what the fuck, c'mon)

Huh, you see I got so much new hot shit stored  
Got you givin me an award, floored a couple on the come up  
Stretched a few, put 'em flat on they back  
And laid 'em stiffer than a board, the way I make my niggaz applaud  
My price tag, just to show up the shit  
Might be somethin you can't afford  
Make you say the Lord is my shepherd, how we astonish  
Move forward on novice niggaz like Cedric Ceballos with a hot song  
Now niggaz know we rock on, cock-strong  
All y'all niggaz is straight popcorn, AHH!  
Talk the trash, comin forth get past lie duke  
Pass shorty with the big horse ass (ASS)  
Now ain't no stoppin how we comin full blast  
Mix the fire with gas, that's how we put it on smash (smash)  
No lie, never deny - so hot we cook the shit well done  
just like a deep fish fry; UNNNGHH, snap crackle and pop  
What we drop and how we keep shit comin  
How we maneuver so fly (fly), so high is where we gon' take it  
Controllin the land, controllin the sea  
Now we control the whole sky; perhaps make niggaz collapse  
Make bitches shake they shit to the floor  
And feel the soul up in my raps and your face is the gutter we slap  
Make you crash all in your whip when you drive  
I hope your seatbelt's strapped, aight niggaz! Now throw yo' hands up..

The shit we droppin be sure to get y'all movin (get the fuck up)  
We keep it poppin, feel how gangsta the loop is (we keep it boppin)  
(we keep it gangsta muh'fucka)

And it ain't no stoppin the way that we gon' do this  
Now what you want me to say? Say you ain't fuckin with me-ahhhhhh  
(what the fuck, c'mon)
