Girl... aye... aye...  
Aye... aye... aye... aye yeah  
Oooooohhhh...  
Oooooohhhh... yeah

I see your face  
I want you near  
Wisper in your ears  
I gotta have yuh  
No time to spare  
My darling dear  
Don't you disappear  
I gotta have yuh...

Closer, closer, closer... to me  
Baby girl I want you  
Closer, closer, closer... to me (me, to me)  
Closer, closer, closer... to me yeeaah  
Baby girl,  
Closer, closer, closer... to me  
Yeah

Girl I wanna touch yuh right there, just now  
I just squeeze mi eye, I'll show you just how  
Embracing yuh body next to mine  
This feeling you give me so divine  
And let's fly like the waves of the ocean  
Let's sail to end of the sea  
Here's a shoulder for all your emotions  
Yes, together we'll always be

Girl I want you  
Closer, closer, closer... to me  
Baby girl I want you  
Closer, closer, closer... to me (me, to me)  
Closer, closer, closer... to me yeeaah  
Baby girl,  
Closer, closer, closer... to me  
Yeah

Girl,  
Everytime I look in your eyes  
Me see love, me nuh see no checkbook in your eyes  
Me see mi...  
Mi kids, mi wife, mi... mi future life, my land and property stretch out couple miles  
Baby come wrap your arms around me  
I'm not a fantasy, I love you cause you love me  
Never leave each other lonely  
And I need you next to me

Closer, closer, closer... to me  
Baby girl I want you  
Closer, closer, closer... to me (me, to me)  
Closer, closer, closer... to me yeeaah  
Baby girl,  
Closer, closer, closer... to me

And when you need some tender loving

I got it covered like a sheet  
Massaging your body  
From the shoulders to your feet  
Let's come together, synchronize  
Make both hearts make one beat (make one beat)

Closer, closer, closer... to me  
Baby girl I want you  
Closer, closer, closer... to me (me, to me)  
Closer, closer, closer... to me yeeaah  
Baby girl,  
Closer, closer, closer... to me  
Yeah

I see your face  
I want you near  
Wisper in your ears  
I gotta have yuh  
No time to spare  
My darling dear  
Don't you disappear  
I gotta have yuh...

Closer, closer, closer... to me  
Baby girl I want you  
Closer, closer, closer... to me (me, to me)
