

## Choices

**Buzzcocks**

Indecision just can't make up my mind  
Is there a solution anyway  
I thought you were the only one who could take me there  
Choices choices choices

All at once I realise the reasons why  
Therefore the only one is you  
You said I was the only one who could take you there  
Choices choices choices

Releasing the energy that makes me  
What to shout out loud when you're not there  
You said I was the only one who could take you there  
Choices choices choices

In between what I have said and what I dream  
I hope that I will find you there  
You say I'm not the only one who could take you there  
Choices choices choices

Indecision just can't make up your mind  
Is there a solution anyway  
You say I'm not the only one who could take you there  
Choices choices choices

In between what I have said and what I dream  
I hope that I will find you there  
You say I'm not the only one who could take you there  
Choices choices choices
