

# Don't Let The Car Crash

Buzzcocks

Been down this road so many times  
I know it like the back of my hand  
We've seen all these signs before  
Some things you'll never understand

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now

Doing time for so many crimes  
Life is life until you die  
Opening doors to unlock your mind  
You can't escape although you try

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now

Help me to help you  
Help me to help you help yourself  
Help me to help you  
Help me to help you help yourself

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now

Save it, save it  
Don't let the car crash  
Wave it, wave it  
Don't let the car crash  
Save it, save it  
Don't let the car crash now
