I've Had Enough

Buzzcocks

This time I've made up my mind I've had enough What a complete waste of time I've had enough

Each morning I wake to discover that nothing's changed The love I wished for don't exist

If it's not one thing it's another - can't carry on

But I feel powerless to resist

Friends don't know what I go through I've had enough Now see what you've made me do I've had enough

Been trapped in this state of denial for far too long The love I've aimed for has been missed But this time I'm serious, it's final It would be wrong, don't wanna be a masochist

And I wish that there could be another way But I can't believe a single word you say, anyway

Not gonna take any more I've had enough Just what did you take me for? I've had enough

Each morning I wake and discover you're still the same
The love I crave for won't exist
It's neither one thing nor another - I won't go on
I hope I'll find strength to resist

Yes, it's the end of the line I've had enough
