Buzzcocks

When I phone you night and day  
I get no reply no reply  
I keep writing those letters and send them away  
To get no reply no reply

No reply oh can't you see  
No reply it's ruining me  
Even when I ask the reason why  
I get no reply no reply  
No reply no reply

Oh no no no no no no no  
No reply no reply  
Oh no no no no no no no  
No reply no reply

I'm bruising my knuckles knocking at your door  
To get no reply no reply  
I've stood it for so long but can't stand it no more  
To get no reply no reply
