

Rendezvous

Buzzcocks

I'd overslept so I caught the bus
It's the only thing I could do
I went upstairs took a vacant seat
And found I'd sat next to you

It's been a long time since we last met
I thought you'd moved out of town
Still have the power to stir me up
Just when I hoped I'd settled down

I'm on a cloud I must be in a dream
This can't be real this can't be happening

Before I knew it we had reached your stop
I blurted out something obscene
You promised that you would call me soon
Leave a message on my machine

I'm on a cloud I must be in a dream
This can't be real this can't be happening
What are the odds against this rendezvous
It's worth the gamble when the prize is you

I'm on a cloud I must be in a dream
This can't be real this can't be happening
What are the odds against this rendezvous
It's worth the gamble when the prize is you
