

Sitting Round at Home

Buzzcocks

Sitting round at home, sitting round at home
Sitting round at home, watching the pictures go
Sitting round at home, sitting round at home
Sitting round at home, watching the pictures go

I watch the news at one, I do it every day
They always find someone to take my mind away

It's a family show, ten part serial
Something for everyone, tea on end part one

Whatever turned you off, was it the turning on
Ideal state of mind, increase your perception

Sitting round at home, sitting round at home
Sitting round at home, watching the pictures go
Sitting round at home, sitting round at home
Sitting round at home, watching the pictures go

I'm sitting (21x)
