

Gomen nasai, gomen nasai

The world is full of pain and heartache
But I was sure I was in you
I never thought I'd make your heart break, o-oh

Well, I was causing my commosion
You played a different kind of tune
I should have valued your devotion, o-oh o-oh o-oh

Gomen nasai, gomen nasai
I never meant to make you cry
Gomen nasai, gomen nasai

Gomen nasai, gomen nasai
How can I heal the pain you have
Gomen nasai, gomen nasai

I gave an oath, I broke a promise
You would be right to turn me down
As long as I could give your heart bliss, o-oh

I only have the best intensions
I wish that things could be undone
Can you forgive my circumvensions, o-oh o-oh o-oh

Gomen nasai, gomen nasai
I never meant to make you cry
Gomen nasai, gomen nasai

Gomen nasai, gomen nasai
How can I heal the pain you have
Gomen nasai, gomen nasai

Gomen nasai, gomen nasai
I never meant to make you cry
Gomen nasai, gomen nasai

I didn't mean to hurt you
I didn't mean to harm you and make you cry

I didn't mean to hurt you
I didn't mean to harm you and make you cry

Gomen nasai, gomen nasai
I never meant to make you cry
Gomen nasai, gomen nasai

Gomen nasai, gomen nasai
How can I heal the pain you have
Gomen nasai, gomen nasai
