

Living In A Fantasy

BWO

Can you hear the engines burning
Tossing and turning
Ready to travel beyond
I'm knocking on a frosty icing
Scorpio rising
Shaping the future to come

Never she'd a tear to cry
Time goes by
Playing a game with your mind
Fall into a deep organic sleeping titanic
Frozen to wake up in time

Living in a fantasy
High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again

Living in a fantasy
High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again

You will have to change your notion
Bodies in motion
Joining the transhuman race
We should be the first transforming
Sweet global warming
Marvel at the beauty of space

Never she'd a tear to cry
Time goes by
Playing a game with your mind
Fall into a deep organic sleeping titanic
Frozen to wake up in time

Living in a fantasy
High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again

Living in a fantasy
High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again

Living in a fantasy
High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again

Living in a fantasy

High and beyond our fantasy
Rocking inside a fantasy
Dreams are forever
Never say never again
