

# Rhythm Divine

BWO

When you feel down and the world has come apart  
Looks like a Martian invasion  
Don't look too far when you wish upon a star  
You live the latest sensation

Come, dress something, get ready  
The beat goes rock steady  
A rhythm divine, o-o-oh o-oh

Free your mind and desire  
This house is on fire  
A rhythm divine, o-o-oh o-oh

O-o-oh o-oh  
O-o-oh o-oh

You've come a long way but need to let off steam (A-ah)  
Gone way too far through the motions  
Here comes the night when we focus on your dream (A-ah)  
What's wrong with love and devotion

Come, dress something, get ready  
The beat goes rock steady  
A rhythm divine, o-o-oh o-oh

Free your mind and desire  
This house is on fire  
A rhythm divine, o-o-oh o-oh

There may be troubles ahead of you  
Look to the sky and lift your spirit higher  
With every trouble it helps you through  
Standing by you till the end of time

Come, dress something, get ready  
The beat goes rock steady  
A rhythm divine, o-o-oh o-oh

Free your mind and desire  
This house is on fire  
A rhythm divine, o-o-oh o-oh

Come, dress something, get ready  
The beat goes rock steady  
A rhythm divine, o-o-oh o-oh

Free your mind and desire  
This house is on fire  
A rhythm divine, o-o-oh o-oh

Come, dress something, get ready  
The beat goes rock steady  
A rhythm divine, o-o-oh o-oh

Free your mind and desire  
This house is on fire  
A rhythm divine, o-o-oh o-oh

Come, dress something, get ready
