All Around

By The Tree

So what if I told you
You're never alone
There's one who will listen when you call

Do not fear, He's near
You when you feel alone

All around you
He's all around you
He's everywhere, you are
And where you wanna go

So what if I showed you
The reason He died
To bring you forgiveness
And give you life

So lift your eyes, call His name
You'll never be the same again
