

# Faith That Breathes (break Me)

By The Tree

All my life has been  
A returning to innocence  
And all my time is spent  
Believing in your existence

So break me and make me  
And teach me what I've gotta know  
Show me and give me  
My faith that breathes life into my soul

Now I've gone to sleep  
I've been dreamin' about what you promised me  
This dream is for real  
It changes the way that I feel

Won't you come, won't you come and break me  
Break me and make me  
And teach me what I've gotta know  
Show me  
Give me  
Faith that breathes life into my soul  
Break me  
Give me faith that breathes life right into my soul
