

Faith That Breathes (break Me)

By The Tree

All my life has been
A returning to innocence
And all my time is spent
Believing in your existence

So break me and make me
And teach me what I've gotta know
Show me and give me
My faith that breathes life into my soul

Now I've gone to sleep
I've been dreamin' about what you promised me
This dream is for real
It changes the way that I feel

Won't you come, won't you come and break me
Break me and make me
And teach me what I've gotta know
Show me
Give me
Faith that breathes life into my soul
Break me
Give me faith that breathes life right into my soul
