

Wait

By The Tree

I will wait for You patiently
Praying from my deepest point of need
Give You everything in return just for You
Satisfy my soul, nothing else will do

[Chorus: x2]
Jesus
My heart
Your home

I will sing for You all my days
Always quick to give You praise
When I was in sin You saved my soul
No greater love will I ever know

[Chorus]

Jesus, You shine like the sun
