

## If I Feel Love

C.C. Catch

Heaven baby stand the heat  
It's a danger - love's so deep  
Follow me in a dream of you, my love  
Oh, baby baby - you'll win  
Do you think 'oh, it's a sin ?'  
Loving me to extasy

If I feel love  
I say alright  
'Cause I know baby, you make my night  
If I feel love  
I say okay  
'Cause baby ever you hold me  
Yes means that you love for ever  
You'll dance in heavy weather  
No means that I'll be so lonely  
'Cause you're the one, the one and only

..... baby will survive  
You will have a better life  
Follow me in a dream of you, my love  
Oh, baby baby - you'll win  
Do you think oh, it's a sin ?  
Loving me to extasy
