

# I Found Love

C+C Music Factory

My mama used to tell me  
She said love is crazy thing  
It comes when you're not looking  
And then it tries to knock you off of your feet  
Now I've known you forever, and I can truly say  
That I never ever ever thought that you  
Would bring love my way

'Cause I found love  
(I found love right in front of me)  
I found love  
(I found love waiting patiently)  
And I know this love  
(I know this love was supposed to be)  
'Cause I feel it I feel it  
The love of me

This is your night tonight  
Everything's gonna be alright  
(gonna be alright)  
This is your night tonight  
Everything's gonna be alright

It's funny how you never  
Never know which love is gonna go  
Sometimes it comes so quickly  
And other times it creeps up nice and slow  
So here we are together  
And I'm feel fine  
I feel it coming heavy  
Like I can touch the sky

'Cause I found love  
(I found love right in front of me)  
I found love  
(I found love waiting patiently)  
And I know this love  
(I know this love was supposed to be)  
'Cause I feel it I feel it  
The love of me

This is your night tonight  
Everything's gonna be alright  
(gonna be alright)  
This is your night tonight  
Everything's gonna be alright

Now I know I can't explain it  
I know I can't contain it  
All it was I kinda knew  
That love had finally come my way

'Cause I found love  
(I found love right in front of me)  
I found love  
(I found love waiting patiently)  
And I know this love

(I know this love was supposed to be)  
'Cause I feel it I feel it  
The love of me
