You makin' me hot and horny with what you poppin' so far  
How a tru' bitch like it see?

You kinda fly, you kinda shy  
Wha'cha eat, wha'cha drive  
And you like them ghetto boys  
The ones who make that noise  
You know I'm thugged out, you know I do this, you know I do that  
And for a fact, you know I do things that make my pocket fat  
'Cause I'm tru, I hang with the man, you gave me the game  
Plus I'm fame, and now ya'll scream my name  
Call me a jogger, 'cause you got me sweatin your style  
I ran a couple miles  
And some, see where I'm comin' from  
I like em smooth, with cat eyes, and iced-out, and show 'nough  
You need the handcuffs, that rough stuff  
You talk a good one shorty, I mean that  
Now won't you lay on' are back  
Let a thug between that

You kinda sexy, you kinda ghetto, with them slugs in your front  
See-Murder, can you hold me down, give a thug girl what she want

Money and nice cars  
A house with a pool in the backyard  
Take me shoppin' with No Limit, on the credit card  
? this shrimp, push a Lamborghini ta sick  
Drink Crystal when it's cold, I want to mint the stick  
Go on and do this, and do that  
When you come home, to Brat  
You'll never want another girl again, this thug blew th  
Gimme the loot, so I can cop a new Jag  
And Brat dat I got it from you,  
With a forty five caliber too  
In case a nigga run up on me, I got somethin' to shoot

We ride together  
Survive and die together  
I ain't leaving you never  
Tougher the leather, make it last forever

That's what I need Brat  
I hope you mean dat  
But yet these cat take these keys  
Let me show you where the cheese at

I can love you innocently  
Bring home at least twenty g's a week  
From hustlin in da street

Uh huh  
And I'ma take dat, then hit dat, then flip dat, then finish wit dat  
And hit you back, when you can trip cruise on a ship

Now I hold it down for you, you hold it d

Uh huh  
And I'ma ride for you  
If you ride for me
