

# One Time

C.N.Blue

I don't know Why I'm here but baby even though we fail It's worth  
I know You know It is all about my music  
Music Changes our life in the dark so I can change your thoughts  
I know You know Your life is also the same Music that is my boo

Boom Boom tap  
Boom Boom tap  
Step by step by hum  
You don't care

I just like mic quitter bass drum  
Kick snare  
Check up the one day

Four mans walked on street  
In my dream

What bad at he time may actually

Be a blessing I just keep on  
Keep keep keep  
It keep it keep it real

Everywhere we want to go  
Everywhere you want to go

One time one time  
We could feel tired at one time

I don't care about it either  
Give me a few more minutes

One time one time  
I'll show you what I can be the top of the world

I don't know much about the music  
Even thought we fail it's worth

I know you know It is all about my music

That changes our life with the  
Change of seasons you also change the life

I know you know  
Your life is also the same music that is my boo

Boom Boom tap  
Boom Boom tap  
Everyday Everywhere  
We we will do

How we do? Just keep it real  
That is our spirit We need to heal

One way only one way  
I had nothing on except for my socks

But I'll show you everything and I make you

We We We We We  
We make you high

Everywhere we want to go  
Everywhere you want to go

One time one time  
We could feel tired at one time

I don't care about it either  
Give me a few more minutes

One time one time  
I'll show you what I can be the top of the world

What What What  
I can do it look at me Slow down and down

What What What  
Can't stop I'm ready  
I will do relax your mind

What What What  
I can do it look at me Slow down and down

Are you ready? yes sir  
Let's go to the world  
Ready? yes sir

Top of the world

Everywhere we want to go  
Everywhere you want to go

One time one time  
We could feel tired at one time

I don't care about it either  
Give me a few more minutes

One time one time  
I'll show you what I can be the top of the world

Everywhere we want to go  
Everywhere you want to go

One time one time  
We could feel tired at one time

I don't care about it either  
Give me a few more minutes

One time one time  
I'll show you what I can be the top of the world

Top of the world  
Top of the world
