More, Bigger halls and albums.

Don't lose my first intention.

I never lose myself everyday

More, bigger home and bling-blings

We got more concentration.

I never lose myself everyday.

I can get pressures at times but I am strong and I try to sing all night.

I don't like same songs, and I don't like same sounds

I Just love to try all night

I'm gonna Try again Try again Back again Try it all night I never give up forever Try again Try again Back again Time to try I want to try to show all night

More, Bigger car and concert.

Don't lose first my big passion

I never lose myself everyday

More bigger world and listeners

We do more gig in many nation

I never lose myself everyday.

I can get pressures at times

but I am strong and I try to sing all night.

I don't like same songs, and I don't like same sounds

I Just love to try all night

I'm gonna Try again Try again Back again Try it all night I never give up forever Try again Try again Back again Time to try I want to try to show all night

Smile again Smile again back again
Back again Smile all night
I'll never cry forever
Smile again Smile again back again
