

Glenwood Canyon

C.W. McCall

When rivers ran blue up on the mountain
And rivers ran green out on the plain
When the river ran red in Glenwood Canyon
It was only a matter of time
Then rivers ran gold up on the mountain
And rivers ran wild out on the plain
And the river ran free through Glenwood Canyon
And it was only a matter of time
And the miners came and they took the gold and the people stake
d a claim
And the builders came and they made a dam and the people came t
o play
And the 'dozers came and they built a road and the people found
a way
Through Glenwood Canyon
Now rivers run grey up on the mountain
And rivers brown out on the plain
And the river runs red through Glenwood Canyon
But it's only a matter of time
