

# Blues In My Heart

**Cab Calloway**

What can I do  
Now that you say we're through?  
I'm left with the blues in my heart.

How can I smile  
When love don't seem worthwhile?  
I'm left with the blues in my heart.

How can I live?  
What is there life can give  
As long as we're apart?

How can I go on  
Knowing that you are gone?  
I'm left with the blues in my heart.

What can I do  
Now that you say we're through?  
I'm left with the blues in my heart.

How can I smile  
When love don't seem worthwhile?  
I'm left with the blues in my heart.

How can I live?  
What is there life can give  
As long as we're apart?

How can I go on  
Knowing that you are gone?  
I'm left with the blues in my heart.
