

A Town Like This

Cady Groves

Flowers don't know me like trees know wind and winds
Blows a breeze one way to snow
The flowers around
They're all around

I climbed a mountain that night
I peaked at sight of morning light
Word spread so fast in a town like this
I tumble, I tumble down, I tumble, I tumble down

Snow only leads to a freeze
Likely to be one this week
Now flowers fade
Well they don't know me anyway
Anyway

I climbed a mountain that night
I peaked at sight of morning light
Word spread so fast in a town like this
I tumble, I tumble down, I tumble, I tumble down

If I'm home, I'll be alone
If I'm home, I'll be alone
(I can't explain why you want me to stay, but I think I
Really need to go oh) If I'm home, I'll be alone
(I can't explain why you want me to stay, but I think I
Really need to go oh) (I can't explain)
If I'm home, I'll be alone

I climbed a mountain that night
I peaked at sight of morning light
Word spread so fast in a town like this
I tumble, I tumble down, I tumble, I tumble down

And I'm not messing around.
