

I Want It

Cady Groves

Doo doo, doo doo
Doo doo, doo doo

He's a fool for a girl in skin-tight jeans
I'm a sucker for the way he looks at me
(I'm a sucker, I'm a sucker, I'm a sucker.
Such a sucker, such a ah ah ah)
He's in love with the things I let him see
I'm in awe of the way he touches me

First glance, big plans
Give me something I can do with my hands
First glance, my big chance
Find something he can do with his hands (do with his hands)

I want it, I want it, I want you
I want it, I want it, I want you
I want you, yeah. I want you
I want it, I want it, I want you
I want it, I want it, I want you
I want you, How bad
Do you want me to do anything I wanna do?

doo doo doo doo

Gotta grab him, gotta have him
Yeah, cause he's a star role in all my fantasies
(I'm a sucker, I'm a sucker, I'm a sucker
Such a sucker, such a ah ah ah)
He's contagious and I'm down with this disease
I'm a bar and he's dancing all over me
Oh oh oh oh oh

Romance, advance.
Makin' sure that he understands
Next chance, quick hands
Gonna find what he keeps in his... OH!

I want it, I want it, I want you
I want it, I want it, I want you
I want you, yeah. I want you
I want it, I want it, I want you
I want it, I want it, I want you
I want you, how bad
Do you want me, too?

Do you have any idea what this is doing to me?
Any idea what this is doing to me?
Any idea what this is doing to me?
Yeaahhh

I want it, I want it, I want you
I want it, I want it, I want you
I want you, yeah. I want you
I want it, I want it, I want you
I want it, I want it, I want you
I want you, how bad

Do you want me, too?
