

Like A Soldier

Cady Groves

I don't know where you came from,
But your road is where I'm walking.
I can't hear what you're saying,
But I like everything you're talking,
Lalala, ladada, dada dadada,

Tell me what you're thinking,
And make it something I can play over, over,
You won't catch me blinking,
You know I'll never find another, another,

My love,

It'll be me on the front lines,
Fighting for you and taking it like a soldier,
With my heart in my chest,
And my badge on my shoulder,
Woah yeah,
With a love that keeps me warm,
In a world that makes us colder,

I'm sticking out like a sore thumb,
Just not trying to be noticed, noticed,
There're three words you can say to save me,
And I don't know if you know this, know this,

Don't get caught up on the other side,

It'll be me on the front lines,
Fighting for you and taking it like a soldier,
With my heart in my chest,
And my badge on my shoulder,
Woah yeah,
With a love that keeps me warm,
In a world that makes us colder,

It's not a war that I was after,
I would've settled for us,
It's not a war that I was after,
I would've settled for you,

It'll be me on the front lines,
Fighting for you and taking it like a soldier,
With my heart in my chest,
And my badge on my shoulder,

It'll be me on the front lines,
Fighting for you and taking it like a soldier,
With my heart in my chest,
And my badge on my shoulder,
Woah yeah,

'Cause I'll be bleeding for you,
But the war is finally over,
Oh yeah,
With a love that keeps me warm,
In a world that makes us colder,
