

# Real With Me

Cady Groves

I'll never catch a shooting star  
Or call you out on who you really are  
I know I'm not the one you wanna win  
It's a losin' game  
So I'm losing it

And I'm surprised we got this far  
With that barricade but I want more  
I would be a fool to let you let me quit

And maybe you should just say something  
You haven't rehearsed but that leaves nothing  
Along with me you've neglected the urge to be real  
Real with me,  
If I'd ask for one thing  
Just say I love you  
But I know you wont believe  
Truth wont pass your lips I know  
Stop pretending

I'm not surprised I let you in this far so  
It's safe to say that i still adore you  
I'm not the one who started this  
And I won't back down  
So keep pushing it  
And on the day that you came undone  
That day was the last day that I felt home  
So I would be a fool to let you let me quit

And maybe you should just say something  
You haven't rehearsed but that leaves nothing  
Along with me you've neglected the urge to be real  
Real with me,  
If I'd ask for one thing  
Just say I love you  
But I know you wont believe  
Truth wont pass your lips I know  
Stop pretending

And it was never about what you were not  
But I don't know how much longer I can hold on  
Hold On

And maybe you should just say something  
You haven't rehearsed but that leaves nothing  
Along with me you've neglected the urge to be real  
Real with me,  
If I'd ask for one thing  
Just say I love you  
But I know you wont believe  
Truth wont pass your lips I know  
Stop pretending
