

# Take My Hand

Cady Groves

I'm not angry with mistakes you've made  
Just kinda lonely  
And if I knew that day you'd get taken  
If only  
And if you knew the pain that I went through for never knowing,  
  
And if your sons could see you one more time

I'm letting go letting go letting go  
'Cuz you're the one to show me what a home was  
Letting go letting go of all this pain pain pain.  
And I know I know I'm not alone  
'Cuz memories keepin me going  
Letting go letting go of all this pain today

So take my hand please somebody take my hand would somebody understand  
it's getting better when you take my hand were going to make it through  
OOHHHH were gonna make it through so take my hand  
I'm frustrated 'cuz you're not around to protect me  
And it's like a dream I can't wait for um  
if only  
I hope you know I don't resent you for not becoming everything  
I knew you could be

I'm letting go letting go letting go  
'Cuz you're the one to show me what a home was  
Letting go letting go of all this pain pain pain.

So take my hand please somebody take my hand would somebody understand  
it's getting better when you take my hand so much better if you take my hand  
We're gonna make it through

And all of these voices keep me from dreaming  
Thinking that maybe  
That all of these voices could be the reason I'm still holding on  
I'm still holding on

So take my hand please somebody take my hand would somebody understand  
It's getting better when you take my hand so much better if you take my hand  
We're gonna make it through.  
We're gonna make it through take my hand

ohhh it's just me and you so just take my hand
