

Your Worst Fear

Cady Groves

Oh, It's so sad watching you fall
You told yourself what you wanted to hear
It's a shame you had it all,
But decided to light and watch it burn

And these piles of honesty will be kept warm with your regrets
Don't be your worst fear
You can make it if you wanna get outta here
Don't be your worst fear
You can make it if you wanna get outta here
Get out of here

You're not trying to hide it any more, any more
No
Ya know you're not even fighting
So what am I fighting for any more

These piles of honesty will be kept warm with your regrets
Don't be your worst fear
You can make it if you wanna get outta here
Don't be your worst fear
You can make it if you wanna get outta here

And I mean at this point I don't even what to know, whoa.
And I mean at this point making amends is not what I'm here for

Don't be your worst fear
You can make it if you wanna get outta here
Don't be your worst fear
You can make it if you wanna get outta here

Don't be your worst fear
You can make it if you wanna get outta here
Don't be your worst fear
You can make it if you wanna get outta here
