

Mistaken

Caesar

Last night I was screaming stuff
I had been mistaken
All shaking, I just couldn't stop
You told me that I was going like
Mmm

Well, lately I have come to see
I'm trying and trying
I'm fed up with this side of me
It's happening, and I was going like□

Mmm gotta get it off me, until I let it go
And catch the shadows down the wall

Last night I was screaming stuff
I had been completely mistaken what you said to me
You told me that I was going like□

Mmm, gotta get it off me, until I let it go
Mmm, gotta get it off me, until I let you know
And catch the shadows down the wall
