

# Halo

## Cage the Elephant

Every time I get away you  
find a way to reel me back in. (aah)  
Tell me that you love me  
hold me tight so we can always be friends. (aah)  
I swear  
I've said it before, and I say it again! (aah)  
Every time I get away you  
find a way to pull me back in. (aah)

Why does it take so long?  
Why does it feel so wrong?  
Why does it take so lo-oo-ong?

Knew I, couldn't help myself  
I had to lay low.  
So I, couldn't help myself  
I lost my halo.

Take me by the hand and  
still remember all the good times we had. (aah)  
I remember how you took my favourite knife  
and stucked under my skin. (aah)  
I swear  
I've said it before, and I say it again! (aah)  
Every time I get away you  
find a way back under my skin.

Why does it take so long?  
Why does it feel so wrong?

Knew I, couldn't help myself  
I had to lay low.  
So I, couldn't help myself  
I lost my halo.

All my life  
With a skeleton.  
I had to let go.

So I, couldn't help myself  
I lost my halo.  
I lost my halo  
I lost my halo
