## Cage the Elephant

Looking out my window  
Wonder how it came to be

Feels just like a tempo  
Lifted by a gentle breeze

Ugly as a suitcase  
I can see it stretch for days

Hanging on a sunset  
Softly trampled by the rain

Way too long  
Hold on  
Hold on  
Dead and gone  
So long  
Hold on  
Way too long  
Hold on  
Hold on  
Dead and gone  
So long  
Hold on  
So long  
Hold on

Looking out my window  
Trying to find a hiding place

Climb up to the tree tops  
Watch it all just drift away

Way too long  
Hold on  
Hold on  
Dead and gone  
So long  
Hold on  
Way too long  
Hold on  
Hold on  
Dead and gone  
So long  
Hold on  
So long  
Hold on
