

## Cool Blue Reason

Cake

Cool blue reason empties on the page  
Your colleagues are in prison and your enemies enraged  
Cool blue reason comes into your world  
There's two more dead in Texas and it's probably your girls  
Cool blue reason wraps around your throat  
The minutes change like seasons  
Only 8 more hours to go

Cool blue reason comes into your life  
There's one more dead in Kansas and it's probably your wife  
Cool blue reason I'm just talking to myself  
Cool blue reason I'm just rearranging hell  
I'm just talking to myself

Cool blue reason wraps around your throat  
The minutes change likes seasons  
Only 8 more hours to go
