

Come Alive

Calabrese

No one's watching, no one cares
Living in the shadows of the pitiful world
Time to time to play
Gets away from the television

Monster, monster, come alive
Open up your and come alive
Monster, monster, come alive
Monster... come alive (yeah)

1... 2... 1-2-1-2-3 Go!

Come off with me, they will never know
Come off be with, let your anger grow
Come off with me and let the blood flow

Hey! Hey! Hey! Hey!

Monster, monster, come alive
Open up your and come alive
Monster, monster, come alive
Monster... come alive (yeah)

Whoa!
