

# Violet Hellfire

Calabrese

We stand at the edge of time  
And live to walk away  
Exploding worlds  
Violent stars, chaos gods  
We call to them  
Chaos rules again  
Chaos rules

When the Unknown grows in force  
Flesh and blood and broken bones  
A silent whisper from beyond  
Spirit of darkness lets me know that...  
Whoa-oh-oh  
Violet hellfire comes  
Whoa-oh-oh  
This hell... is our home

Buried in the wall of bedroom  
Where I used to live  
The memories they haunt me  
Still of what I did, of what I am  
My live is a lie, my life is...
