

Zombie I

Calabrese

When i am here i'm here with u
Bit off more than i could chew
I love your stare please stare at me
When i breathe blood and eternal sleep
We belong dead

Zombie i, girl please run away

As we run into the house
The wall of dead surrounds
Tentacles of decay flesh
tear and pull us down
Doors and windows boarded shut
But the pressure was too much
And the girl she gave it up
